## Professional Summary

Highly motivated BCA graduate seeking to leverage my skills and knowledge to contribute to a dynamic organization.  Aspiring to secure a challenging role that provides opportunities for professional growth and enables me to utilize my technical expertise, problem-solving skills, and ability to work in a team-oriented environment to deliver exceptional results.  Developed robust, scalable, modular, and API-centric infrastructures.  Participated in design and implementation using Java, Spring, Spring Boot, Spring Data JPA, etc.

## Education

- **Bachelor in Computer Application**, DPU University Pune
  Graduation Year:  2020

## Technical Skills

- **Programming Languages:** Java, SQL.
- **Back-end Technologies:**  Java, Spring.
- **Database Systems:** MySQL.
- **Version Control:**  Git, GitHub.
- **Others:** Basic understanding of RESTful APIs, Spring Boot, Spring Data JPA, Maven.

## Soft Skills

- Problem-solving skills.
- Team collaboration and communication.
- Time management and adaptability.
- Continuous learner and eager to embrace new technologies.

## Project  Experience

**Development of a Web Application**
As part of a BCA project, I worked in a team to develop a web application using Java, HTML, CSS, and JavaScript.  The application was designed to manage the inventory of a retail store, including tracking sales, managing stock levels, and generating reports.  The application was well-received by the course instructors and we were awarded the highest grade for the project.
